WEEKLY REPORT OF ENVIRONMENTAL DOCUMENTS AVAILABLE FOR REVIEW

The purpose of the environmental review process is to provide information about the environmental effects of the actions and decisions made by the County, so that environmental considerations become a part of the decision making process. The following is a summary of the most recent determinations made by the County's Environmental Coordinator. The purpose of this listing is to notify the public of pending actions, which may affect the environment of San Luis Obispo County.

You are invited to participate in this process by reviewing and providing comments on the recommendations of the Environmental Coordinator. Your comments should be in writing and should be delivered to: **Ellen Carroll, Environmental Coordinator, Department of Planning and Building, 976 Osos Street, Room 300, San Luis Obispo, Ca 93408-2040.** For more information about the environmental review process, please write to the address above, call the Environmental Division of the Department of Planning and Building at (805) 781-5600, or review the environmental determination and other information on our website located at www.sloplanning.org.

Proposed Negative Declarations

A Negative Declaration is issued for projects that would not result in significant effects on the environment. In many cases, the project applicant has added mitigation measures to the project to reduce environmental impacts in order to qualify for a Negative Declaration. If you disagree with the issuance of a proposed Negative Declaration, you may provide comments or file a Request for Review (appeal) of the Negative Declaration. Requests for Review must be filed within two weeks of the date that the proposed Negative Declaration is posted and must address only environmental issues. There is a fee for the request. If you would like more information about this process, please contact the Environmental Coordinator.

For Week of May 17, 2012

Los Osos Area

Golden State Water Company Development Plan / Coastal Development Permit. Request to allow for the construction of a transmission main waterline from Golden State Water Company's "Skyline Well" located on Solano Street at Sea Pines Resort (near hole number 1) to their "Rosina Well" located at 450 Rosina Drive. The water line is proposed to be located within the road right of way starting at Solano Street and heading east on Skyline Drive to Pecho Road, south on Pecho Road, then east on Rosina Drive (see exhibit A). The project also includes a 50,000 gallon potable water tank, an additional building of 512 square feet (for booster pumps and other related equipment), and related plant, distribution system, and transmission piping on a 2.46 acre site. The project will result in the disturbance of approximately 6500 square feet on a 2.46 acre parcel. The project is located at 450 Rosina Drive, in the community of Los Osos, in the Estero planning area (and includes additional activities within the road right of way as described above).
